The total aggregate scheme limit is £3,000,000.

A: An excess does not apply for CMP; however, you may have an excess apply under a PI policy. The excess is a payment contribution made by the insured towards the claim.

Q6: What is Client Money Protection (CMP) cover?

A: The policy we have designed is PI led with CMP available as an optional extra. A: The policy comprises of an any one claim Professional Indemnity Insurance limit of indemnity with an optional standalone limit in respect of CMP. Q8: My existing PI is an annual policy and not a rolling monthly contract, can I still buy CMP?

A: Yes, you can. CMP would be covered on inception of the policy with the PI delayed until expiry of the PI policy already in force. You would be charged a PI pro-rata premium for the remainder of the policy period on expiry of your existing PI policy.

A: More PI cover can only be purchased upon referral to Mint.

A: Subject to no claims, the PI section is cancellable, however CMP is non-cancellable.

Q11: Am I covered for my historical liability?

A: Historical activities are covered, however, only in respect of business activities stated on the statement of fact unless otherwise agreed with Mint. If you have never bought PI, cover for forward acts only would apply.

Q12: What if I merge with another firm?

A: Depending on the terms of the merger, the policy shall either need to be endorsed to reflect run off cover only or extended to include the merged entity. You shall need to advise Mint so that they can adjust the policy accordingly.
