

Real Estate and Construction

Our experienced team delivers tailored risk management for real estate and construction businesses. As a Lloyd's broker, we offer clients access to the full insurance market, ensuring comprehensive and competitively priced coverage.

A close partnership built on trust

We build close partnerships with clients, providing a single point of contact for expert advice and bespoke insurance packages. Our guidance on best practice in risk management can also help reduce your insurance costs.

Real Estate insurance

We arrange specialist cover for residential and commercial managing agents, management companies, asset managers, freeholders, and property developers, combining professionalism with a personal approach.

Construction insurance

We provide bespoke cover for all types of contractors, from builders to demolition specialists, addressing unique sector risks. Our strong links with trade associations, such as The National Federation of Roofing Contractors and Concrete Structures Group, ensure industry-specific expertise.
